Our family is deeply saddened to announce the passing of Bernadette at Grace Hospice in Regina on April 2, 2019. Bunny is survived by her children Chris, Michael, and Nicky; siblings Laura Elliott, Celeste (Randy) Sloboda, Peter (Pam) Kiefer, Nadene Kiefer, Thomas (Mervi) Kiefer, Dana (Cheryl) Kiefer, Stephen (Karla) Kiefer, many nieces, nephews, cousins, her Westjet and airport family and many dear friends. We are very sad to hear of Bunny's passing. Bunny was a GREAT LADY who always put the well being of others first. I had the privilege of working with Bunny for 5 years during which time her love for life and kindness to all was there.

She inspired me to strive to always do what was right, even if that meant bending the rules. Bunny your lessons and support will always remain deeply with me. I know that you will remain in the hearts of everyone you touched. You will be missed.

We are so sad to hear of Bunny's passing. She was an exact second to your Mom. Huge heart, wonderful seamstress, a laugh just like Marj and a friend to all who crossed her path. We will miss seeing her at the airport and grocery store. Our hearts and love are with you all during this difficult time. RIP Bunny. You will be missed.

My deepest sympathy to Bunny's family. I knew her in high school and remember her as a gentle, fun loving, genuinely good person. She was already a great seamstress! I hope your happy memories of Bunny give you some comfort in this time of sorrow.

My condolences to Bunny's family and friends. I went to St Andrew with Bunny and I have wonderful memories of hanging out with her at her house or in the back alley playing. My family lived just across the lane from the Kiefers. I can still hear Mrs Kiefer's great laugh.

Bunny was a good friend and gentle soul.

RIP my friend

There simply wasn't a kinder person in the world. Condolences to her family.

I still remember going to the Exhibition late on the last night, after work with one of the ramp guys to do the Slingshot. Bunny didn't bat an eye and she was on with me while our ramp friend backed out or having her sneaking into the depths of the airport to have a smoke with the smokers. Another mischievous adventure was with her loading our bosses office with the airport plants.

She loved life and most of all her kids. The stories she would tell and the pride she took in her kids always would bring a smile to her face.

Simply the best, what else can you say.

Bunny was the purest light of a human. She was passionate about her family and friends. She was the first person I wanted to share good news with, she was happiest when her people were happy.

I miss her already.

Bunny you were my best friend's mom and my second mom. When ever I saw you, your smile could light up the room. You were the most kind loving caring person. We lost such a great one. I promise to do my best to keep Nicky out of trouble. Love you always your Niki number 2.

"My thoughts and prayers are with you and your family. It was a joy to work in the presence of Bunny, I will never forget the warmth her smile brought to the special spot at the Westjet counter that she stood at every day." Miss her ...
